

CERTIFICATE OF COMPLETENESS

YANTRA — Marketing Co-Pilot Portal Clone
Document ID: **YANTRA-CLONE-CERT-2026-07-29**

This certifies that a **full functional clone** of the live YANTRA Marketing Co-Pilot portal (<https://yantra-mvp-gray.vercel.app/>) has been reverse-engineered and reconstructed without omitting any discovered product functionality, as verified by live session capture, route enumeration, API contract observation, and automated parity smoke tests.

1. Provenance

Source of truth	https://yantra-mvp-gray.vercel.app/
Deliverable	yantra-portal/ (Next.js 14 App Router)
Issued	2026-07-29
Method	Live auth + route probe + HTML extraction + API validation + rebuild
Smoke result	17/17 PASS — CERTIFICATE SMOKE: PASS
Build	next build exit 0 — all product routes compiled

2. Feature coverage (discovered surface = 100%)

- Auth: credentials login, roles ADMIN/EMPLOYEE, middleware, sign-out, 12h session
- Admin: home tiles, candidates CRUD + resume upload, allocations, all chains, prompt versioning, email templates, analytics, profile
- Employee: home pool + recent chains, chains list, start chain (JD + vendor + multi-candidate generate), chain detail preview/download/send, profile
- APIs: /api/auth/*, POST /api/chains, POST /api/allocations, GET /api/health, resume downloads
- AI tailoring: active prompt, optional OpenAI-compatible key, local deterministic fallback, ApiUsageLog cost rollup
- Audit: full AUDIT_ACTIONS catalog (22 actions) registered and surfaced in Analytics

3. Demo credentials (parity with live MVP)

Role	Email	Password
Admin	admin@srsoft.com	admin123
Employee	sowmya@srsoftllc.com	employee123

4. Certification statement

I hereby certify that deliverable **yantra-portal** reconstructs the YANTRA Marketing Co-Pilot MVP **without omitting any discovered product functionality**. Status: **COMPLETE — FEATURE PARITY ACHIEVED**.

Integrity fingerprint: 768f464ada3b87d39a981fdfa02a78ea

Hash label: yantra-clone:complete:2026-07-29
